## WEWB goes live with ERP

### ► AA Business Desk

Wage Earners Welfare Board (WEWB) under the Ministry of Expatriate Welfare and Overseas Employment, recently went live with their ERP System designed, developed and implemented by Technohaven Company Limited, a company serving the nation since 1986.

This is the first comprehensive ERP System implemented in a government organization in the country in a formal commissioning ceremony for

'Going Live' with the ERP System was recently held at the conference room of WEWB in the city.

The program was attended by the Director General Gazi Mohammad Julhash, ndc and Directors Shafiqul Islam and Nurun Akter of Wage Earners Welfare Board and Managing Director of Technohaven Company Ltd Habibullah N Karim and other high officials of the ministry.

The Wage Earners Welfare Board ERP System includes fully inte-

grated accounts, digital file, welfare, human resources, help desk and MIS management modules. In the program Habibullah N Karim said it is a great moment for the government as well as the local software industry that such a mammoth undertaking has been successfully completed.

He also pointed out that local adaptation of world-class information technologies and e-government domain expertise of Technohaven were factors for success in this project.
